

No nighttime canyon closures are anticipated during the weeks of September 23rd and September 30th. Intermittent canyon closures or 30 minute delays may be necessary for construction activities. Information on these activities will be included in email updates, the project web site, and the 24-hour hotline message (888-517-8401).

Motorists should expect 10-15 minute delays Monday through Friday between 6:00 a.m. and 10:00 p.m. Please pay special attention to signing and flagging operations when driving through the work zone. Pavement striping and traffic routes may change daily. Be aware of your surroundings and obey the project traffic control for your safety and that of the construction crew.

Information regarding the status of the canyon is available through the following information outlets.

- **Project web site:** www.udot.utah.gov/provo-canyon
- **Project Hotline (toll free 24-hour):** **1-888-517-8401**
- **Electronic Signs Near the Project, and along U.S. 40 and I-15**

Please forward this information to others that may be affected by the nighttime closures. If you have comments, questions, or concerns, please email the project team at provocanyon@hwlochner.com
